

## INTER-SEASON COLOR PROFILE BOOKLET

In print \$6.50 (To order call Irene)

Excellent for beginners and especially helpful for men. All the colors are illustrated and spell out the Inter-season combinations. This shows a variety of colors so that a person learning will not be inclined to limit his or her choices.

Each book depicts the person's Homebase Season colors and Inter-season colors and combinations. There are eight books, 4 for women (Winter, Summer, Autumn, Spring) and 4 for men. The books

include clothing lines.

Many astute colorists give both books; the 56-page black Profile Booklet and this Inter-season Color Booklet in the person's Homebase Season. This gives all season basic colors and shows how to adjust and combine Inter-season influences. A few example pages follow:
