

## PROFILE BOOKLET

In print \$8.00 (To order call Ireneé)

This is a 56-page pocket size booklet illustrated as an overview showing all 10 basic color families arranged in harmonic sequences of warm, cool and balanced colors. These are the colors you would receive if you went to a colorist.

For both women and men, this is an innovative approach which enables one to see and differentiate distinctions between colors.

When your best Homebase color is defined and marked in one color family, the same best position mathematically follows in the other families as well.

The value in this color layout is that it makes it easy to see your whole range of

possible colors—and more importantly, to be able by simple comparison to see which colors are not your best.

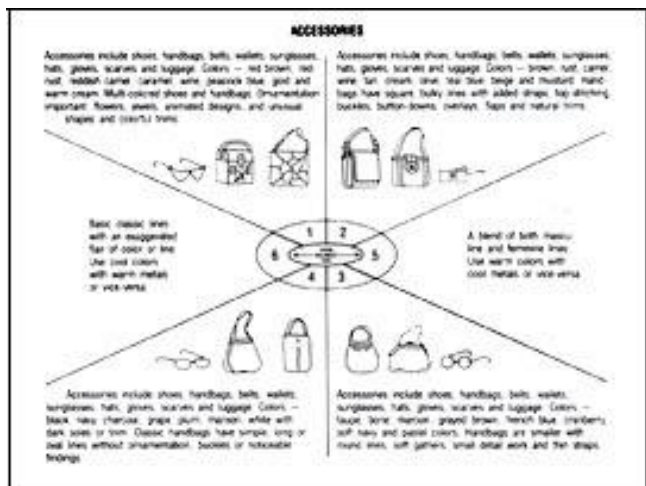

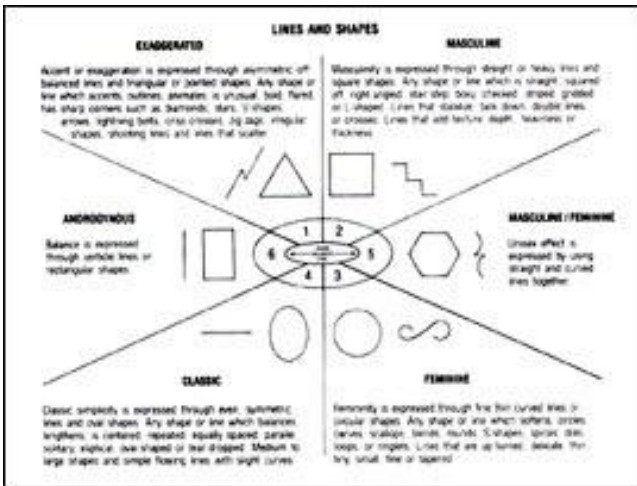

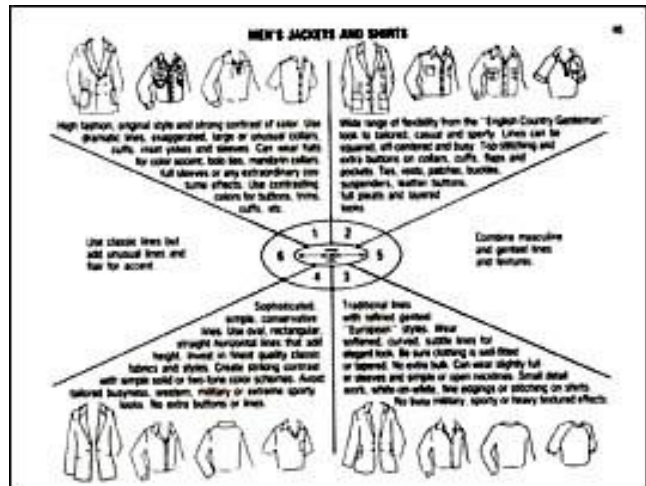

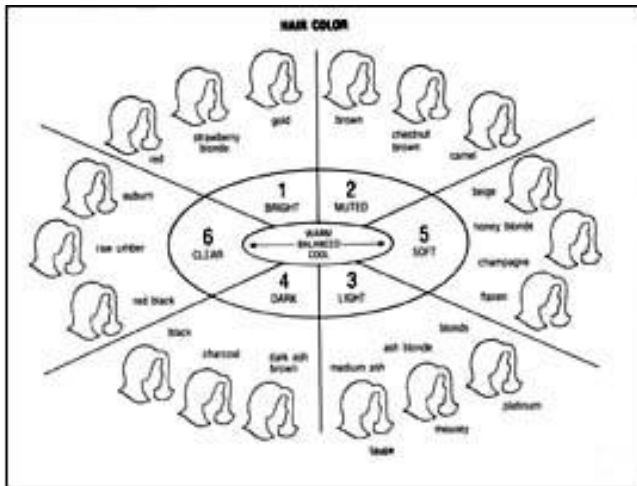

The booklet also shows an overview of all the body shapes and corresponding clothing lines, hairstyles, accessories etc. The dimensions are 4 1/4" by 5 1/2" and the colors are carefully aligned and precise in print.
